

Procedure for online registration

Go to our website at www.rosaliaschools.org

Scroll to the Skyward Family Access

You will need to log in to your Family Access account.

If you have forgotten your username or password, you can click on a link to retrieve that information if you have an email address associated with your Skyward account.

If you need help with this process, please call the office on August 4th or 5th from 8:30am-4pm for help with accessing your account and completing the registration process.

When you log in to your account you will have a registration tab available so you can register your students.

You will have several forms to update and/or fill out.

After completing the digital process, you will have the opportunity to submit your registration packet digitally.

The system will automatically save your progress, so no worries if you have to complete the process in multiple sittings.

This process is completely paperless. We want to make this process as easy as possible. Call the office at 523-3061 for further help. A video guiding you through the online process will be posted to our website on Tuesday morning.
